KAUAI OUTRIGGER ASSOCIATION RACE RULES

The purpose of KOA Race Rules is to: Set guidelines to promote, encourage participation in, and provide education for the purpose of promoting Hawaiian culture through Hawaiian Outrigger Canoe Paddling. By promoting competitive inter-club, inter-island, and international Hawaiian canoe racing, KOA will honor, preserve and perpetuate the combined culture and science of authentic Hawaiian canoe racing in the State of Hawaii. In its pursuit of this purpose, KOA may sponsor and/or conduct canoe regattas, and races as may be decided upon its membership. KOA shall also develop or assist in the development of; Uniform Race Rules, Bylaws, Code of Ethics, Membership Criteria, and such other materials as it deems necessary for the use and guidance of its members.

We are all responsible to promote good sportsmanship and fair play in the activities we engage in. This means observance of these Race Rules as well as accepted rules of behavior and all governmental laws.

Paddlers are to avoid situations where a canoe is deliberately rammed, where there is deliberate interference with another crew, where assaults and/or abusive language are used.

Coaches are required to support and enforce these Race Rules and to avoid any circumvention of these rules.

Officials and Officers are required to do their best to be fair and not biased in their decisions and in carrying out their duties.

Violation of the Code of Ethics shall be referred to the Disciplinary Committee for disciplinary action (i.e. fines, suspensions, etc.).

GENERAL STATEMENT OF RULES

Rules cannot be made to cover every situation. These rules cover the major areas of past problems. Whenever situations come up that are to be covered, in the course of deliberating, consideration should be given to the following:

What are we trying to avoid or promote?

Does the proposed penalty match the seriousness of the violation?

Would most people agree the rule is fair?

Does the rule apply equally to large and small clubs?

Is the rule clear and easily understood?

Do the rules generally help or hinder what we are about? Which is, the racing of canoes and the rights of the paddler.

Race Rules can be amended at the Annual Meeting of the Council of Clubs. Once any Race Rule has been amended, the changes shall be in effect for one (1) year before the rule can be amended again. Recommendations for changes or additions to these Race Rules must be submitted to the Race Rules Committee in writing no later than August 31st . These recommendations may be made by any active member of KOA. Proposed amendments shall be presented in writing to all member clubs no later than October 31st . Exception: If it is deemed advisable by the Executive Board, after HCRA Race Rules are known, amendments to the KOA Race Rules may be made at a Council of Clubs meeting. (Amended 11/7/2015) I.

Crews of less than nine (9) or more paddlers must receive approval from the Host Race Director and or Race Committee Official.
2. The penalty for an escort boat entering the field of racing canoes without permission of the Race Commissioner and/or his/her Race Committee shall be the adding of 15 minutes to the canoe that the escort boat is escorting. Two warnings by a race official or the Race Committee to an escort boat to keep away from a canoe or any other infraction shall add a 15 minute penalty to the canoe club the boat is escorting.
3. In "Iron Men/Women", six (6) paddler races, the use of an escort boat is prohibited in the racing field unless authorized for safety reasons by the Host Race Director and/or Host Race Committee Official.
4. Once the race starts, escort boats shall be prohibited in the field of racing canoes for a minimum of five (5) minutes, or as specified otherwise by the Host Race Director and/or Host Race Committee Official during the steers persons meeting. The field will be defined as an imaginary square boundary from the lead canoe to the last canoe and the first canoe on the furthest left to the first canoe on the furthest right.
5. Escort boats must be a minimum of 21 feet. Unsafe conditions by an escort boat being overcrowded may cause it to be declared unfit as an escort boat by the Host Race Director and/or Race Committee Official, until such time as the additional persons are removed from the escort boat. Escort boats must have communication equipment available.
6. Escort boats must follow their canoe no closer than 40 feet to the stern of the canoe, except when dropping off or picking up relief paddlers. At no

time shall the escort boat cause a wake in order to assist their canoe, or to hinder another canoe. A penalty for this activity, if observed by the Host Race Director and/or Host Race Committee Official shall be five minutes added to the overall time.

7. The health and safety of the crew is the responsibility of their individual escort boat. In the event of an accident or emergency, the crew of the escort boat has the responsibility of providing assistance to the crew. If the accident or injury is deemed to be sufficient that it is necessary for the escort boat to leave the course to acquire medical assistance, it is the crew of the escort boat's responsibility to notify one of the official boats, who will then take over the responsibility for the remaining crew.
8. If a canoe swamps, any means may be used to aid it except towing it in the direction of the finish line.
9. Warnings issued by official(s) shall be adhered to. Failure to do so may cause a five (5) minute penalty to be added to the finish time or disqualification of the club and or crew involved.
10. There will be a minimum of three (3) official boats; a host club, who does not provide the minimum official boats, shall be assessed a fine of \$300.00 payable to KOA immediately.
11. During such Long Distance canoe race events, wherein a Change Window has been deemed necessary by the Race Director and/or Host Race Committee Official, any intentional delay to maximize the length of time an individual crew remains paddling in the canoe will be seen as a violation of the spirit of the Change Window Requirements and a penalty of 10 minutes can be enacted on the spot by the Race Director and/or Host Race Committee Official.
12. The Race Director shall determine the number and size of safety boats needed in each regatta or long distance race.
13. Safety boats must not interfere with any crews.
14. The crew, officials, and guests on an Official Boat may not coach or provide race course information to improve the performance of or give advantage to any racing team. Such actions will result in 15 minutes added to the crew's time.

H. ILLEGAL PADDLER

1. The penalty for a club using an illegal paddler shall be disqualification of the crew and fine of \$50.00. The fine must be paid by the canoe club. Until paid the club may not enter any further events of the regatta or any future regatta or race. The regatta or race shall not be interrupted or stopped because of this disqualification and fine, which must be paid. The Race Committee may accept a promissory note in lieu of \$50.00. Two (2) persons from the club in violation must sign the promissory note. They must either be the Head Coach, an Officer of the club or the KOA delegate. The fine must be paid by the next lane drawing or the next KOA

meeting whichever is first, otherwise the club will be ineligible to draw lanes, ineligible to vote and race.

2. The penalty for the second offense of using an illegal paddler during the same calendar year shall be the same as the first except that the fine shall be \$150.00. All other procedures shall remain the same as the above.

XIII. PROTEST

- A. A fee of \$60.00 will accompany any written protest filed and will be refundable if the protest is upheld. Protest forms shall be provided by KOA.
- B. All protests or complaints of rule violations shall be made in writing to the Race Director immediately following the end of the race in question. While the Race Committee is hearing and appraising itself of the facts surrounding the protest, only the Head Coach, club representatives and officials involved shall be present. All decisions made by the Race Committee on protests shall be final.
